

DRAFT PROGRAM

Vth International Conference BALNIMALCON 2011

*Balkan Conference on Animal Science „Improvement and diversification of
Balkan animal production within the European context”*

**Xth International Symposium
of Animal Biology and Nutrition**

&

**40th International Session of Scientific Communications
of the Faculty of Animal Science**

PROGRAM OVERVIEW

*Venue: University of Agricultural Sciences and Veterinary Medicine,
Calea Marasti 59, Bucharest - main building, ground floor*

WEDNESDAY, 19 October 2011

- 09:00 – 10:00 - Registration - *Ground floor hall*
- 10:00 – 10:30 - Welcoming address – *A.P.A amphitheater*
- 10:30 – 11:30 - Joint Plenary Session – *A.P.A amphitheater*
- 11.30 – 11.50 - *Coffee break - Ground floor hall*
- 11.50 – 13.30 - Joint Plenary Session – *A.P.A amphitheater*
Vth Balkan Conference on Animal Science (Balnimalcon 2011)
Xth International Symposium of Animal Biology and Nutrition
40th International Session of Scientific Communications of the Faculty
of Animal Science
- 13:30 – 14:30 - *Lunch - Ground floor hall*
- 14:30 – 16:30 - Oral presentation within Sections I, III, IV and V
- Xth Symposium of Animal Biology and Nutrition / Nutrition, Ecology & Welfare (Section I) – *A.P.A amphitheater*
 - Reproduction, Physiology, Anatomy (Section III) – *A.II.102 room*
 - Technologies of animal husbandry, Marketing (Section IV) – *A.II.A amphitheater*
 - Technologies of the agrofood products processing (Section V) – *Council room*
- 16:30 – 17:00 - *Coffee break - Ground floor hall*
- 17.00 – 18:00 - Poster session within Sections
- Reproduction, Physiology, Anatomy (Section III) – *A.II.102 room*
 - Technologies of animal husbandry, Marketing (Section IV) – *A.II.A amphitheater*
 - Technologies of the agrofood products processing (Section V) – *Council room*
- 18.15 - Transfer to the restaurant
- 18:30 - Official Dinner

THURSDAY, 20 October 2011

- 09:00 – 10:00 - Registration & welcome coffee - *Ground floor hall*
- 10:00 – 13:00 Xth Symposium of Animal Biology and Nutrition / Genetics and Breeding (Section II) – oral and poster presentation - *A.P.A amphitheater*
- 10:00 – 15:00 - Visit to INDAGRA 2011 exhibition
(for the delegates attending sections III, IV and V)
- 13:00 – 14:00 - *Lunch - Ground floor hall*
- 14:00 – 17:00 - Xth Symposium of Animal Biology and Nutrition / Nutrition, Ecology & Welfare (Section I) — oral and poster presentation - *A.P.A amphitheater*
- 14:00 – 15:00 - Meeting of organizing committee of BALNIMALCON – *Council room*
- 18:00 - Dinner – *Calypso restaurant*

FRIDAY, 21 October 2011

- ...visit to INDAGRA 2011 exhibition
(for the delegates attending sections I and II)

DETAILED PROGRAM

October 19, 2011 (WEDNESDAY)

09:00 – 10:00 - Registration - **Ground floor amphitheater**

10.00 – 13.30 **JOINT PLEARY SESSION**

Vth Balkan Conference on Animal Science (Balnimalcon 2011)

Xth International Symposium of Animal Biology and Nutrition

40th International Session of Scientific Communications of the Faculty of Animal Science

10:00 – 10:30 Welcoming address

10.30 – 10.50 **Horia Grosu** – Current status and perspectives of animal husbandry field and research on animal science within European and international context

10.50 – 11.10 **Jovanka Levic** – Checking of level of carry over as prevention of contamination in feed mills

11.10 – 11.30 **Ilie Van** - *(title to be established)*

11.30 – 11.50 Coffee Break

11.50 – 12.10 **Radoslav Slavov** - Challenges to Bulgarian animal husbandry in the context to the Common Agricultural Policy of EU

12.10 – 12.30 **AT Bogdan** – *(title to be established)*

12.30 – 12.50 **Andreas Georgoudis** *(title to be established)*

12.50 – 13.10 **Kristaq Kume** – *(title to be established)*

13.10 – 13.30 **COMMERCIAL PRESENTATIONS (SPONSORS)**

13:30 – 14:30 - Lunch - **Ground floor amphitheater**

14:30 – 16:30 - Oral presentations within Sections I, III, IV and V

► Xth Symposium of Animal Biology and Nutrition / Nutrition, Ecology & Welfare
(Section I) – **A.P.A amphitheater**

Dominique Bauchart	La valeur santé/nutritionnelle des acides gras de la viande bovine
Maria Chrenkova	Characteristics of nitrogen sub-fractions according to the CNCPS and comparison of CNCPS and in situ assessment for some feeds
Denys Durand	La perception de la douleur via l'analyse de différents paramètres sanguins chez des vaches laitières
Armagan Hayirli	Influences of the negative energy balance during the peripartum on fertility
Teodora Popova	Lipid deposition and fatty acid composition of some adipose depots in lambs, fed coconut oil supplemented diet
Mardiati Zain	Effect of Yeast (<i>Saccharomyces cerevisiae</i>) on fermentability, microbial population and digestibility of the low quality roughage (in vitro)
Abdurrahman Kara	Analysis of the factors affecting milk production in grazing land dependent dairy cattle farms: the case of Erzurum Province;

M. Ali Kaya Effects of zinc and manganese supplementation to corn-soybean meal diet on live and reproductive performance and egg shell quality in breeder Japanese;

► Section III. Reproduction, Physiology, Anatomy - **A.II.102 room**

Osman Ergene Comparison of PRID + PGF_{2α} + GNRH and GNRH + PGF_{2α} + GNRH protocols in the treatment of postpartum anestrus cows

Shamiah Sh. M. In vivo survival rate of transferred goat embryos cryopreserved by open pulled-vitrification technique;

Ozel Şekerden Possibilities of Early Pregnancy Diagnosis Using Blood Serum Progesterone Test in Kilis Cows;

Iliana Sabeva Longevity and life reproductive efficiency in Arabian broodmares;

Mesut Yildirim The effect of breed, body condition score and age of ewe on the reproductive performance of ewes in breeding season;

George F. Toba Inducing and starting the parturition in swine with the medicinal product Reglandin D- (+) - Cloprostenol, synthesis analogue of natural prostaglandines F_{2A}

Muhammad Fiaz Qamar Comparative efficacy of allopathic, herbal, homeopathic and effective micro-organisms for the control of haemochrosis in sheep & goats

► Section IV. Technologies of animal husbandry, marketing – **A.II.A amphitheater**

Niță Victor Nicolae Obtaining the necessary living food for rearing the turbot (*Psetta maxima maotica*) in its early life stages;

Nicolai Todorov Weaning lambs of dairy breed at 20 days of age and cheap rearing with whole grain and pelleted protein concentrate (review).

Serghei Chilimar Estimation of productive qualities of the Moldavian type of black and white breed

Sergiu-Călin Tătăruță The formation and improvement of the conditioned reflexes of the working dog with the purpose of processing the tracks of human scent, drugs and explosives

(acceptance pending)

(acceptance pending)

► Section V. Technologies of the agrofood products processing – **Council Room**

Radmilo Čolović Wheat milling fractions as a carrier of sugar beet molasses – physical properties of pellets;

Snezana Ivanovic Escherichia coli O157: H7 in goats;

Mounir H. Iskander Changes in some chemical characteristics, stability and fatty acids composition of hubbard chicken fat due to freezing & roasting processes;

Osman Özbek Evaluation of the performance of stationary milking system using in dairy farms in Turkey.

(acceptance pending)

(acceptance pending)

16:30 – 17:00 - Coffee break - **Ground floor amphitheater**

17:00 – 18:00 - Poster presentations within Sections III, IV and V

► Section III. Reproduction, Physiology, Anatomy - **A.II.102 room**

Angelica Docan	Effect of feeding with different dietary protein level on leukocytes population in juvenile Siberian sturgeon, <i>Acipenser baeri</i> , brandt
Çağdaş Oto	Body morphometry of the short beaked common dolphin (<i>Delphinus delphis</i>) on the eastern coast of the Turkish Black Sea
Dorra T.M	Effects of ascorbic acid and glutathione on in vitro maturation of New Zealand White and Baladi Black rabbit oocytes;
Tapaloaga Paul-Rodian	Researches concerning the reproduction activity analyze in a dairy farm supplying Ploiesti area
Vasilika Dini	Hematologic parameters of blood in pigeons with trichomoniasis.
Vasilika Dini	The influence of season and age in the hematologic parameters of sheep
Vera Djekic	The effect of genotype and age of hen on haugh units of hens

► Section IV. Technologies of animal husbandry, marketing – **A.II.A amphitheater**

Nicoleta Roșu	Research on production performance of crossbred ewes produced from the crossing with rams of the breed Turcana german black head influence on the economic efficiency of farm
Soare Elena	Analysis of meat market in Romania;
Yanko Nikolov Gorinov	Influence on the breed Limousin and Simmental on the quality of carcass biological pure-bred male calves.
Žutić Jadranka	Seroprevalence of mycoplasma hyopneumoniae in sows from 6 farms in Serbia
Žutić Milenko	Identification of different bacterial agents in porcine lung tissue

► Section V. Technologies of the agrofood products processing – **Council Room**

Dumitrescu Florin.	Particularities of technological of the milk-products.
Dana Tapaloaga	Researches concerning physical and chemical analyzes of some bread sorts processed in S.C. Vel Pitar S.A.

(acceptance pending) ***

(acceptance pending) ***

(acceptance pending) ***

18.15 - Transfer to the restaurant

18:30 - Official Dinner

October 20, 2011 (THURSDAY)

09:00 – 10:00 - Registration & welcome coffee - **Ground floor amphitheater**

10:00 – 15:00 - Visit to INDAGRA 2011 exhibition
(for the delegates attending sections III, IV and V)

10:00 – 13:00 Xth Symposium of Animal Biology and Nutrition / Genetics and Breeding (Section II) – **A.P.A amphitheater**

ORAL PRESENTATIONS:

El-Awady	Comparison between a sire model and an animal model for genetic (co) variance components estimation of milk yield traits in Friesian cows;
Denitsa Teofanova	Selection and breeding of Bulgarian rhodopean cattle with respect to milk proteins polymorphism;
Salim Omar Raouf	The effect of breed and the body condition score in economic traits of sheep
Socol Claudia	Reproductive and molecular tools for animal genetic resources conservation and breeding
H. Grosu	Estimation of the normal lactation milk production in dairy cows based on a reduced number of measurements
Cristina Lazar	Estimates of (co)variance components for direct and maternal effects on some meat production traits in a Palas Merino line sheep

POSTER PRESENTATIONS

Alexandra Matei	Estimate of the genetical stock silkworm races for parthenogenetic development predisposition
Ali Aygun	The effects of fenugreek (<i>Trigonella foenum graecum L.</i>) seeds on the performance and some carcass traits of quail (<i>Coturnix coturnix japonica</i>) chicks
Isfan Nicoleta	Analyses of Genetic Markers in Romanian Black Spotted Cattle Breed
Kasarda R. Natasha Gjorgovska	Genetic polymorphism of MLPH gene in Czech pointer breed Egg production during the artificial molting and a new laying cycle of aged hens;
S. Abou-Bakr	Genetic Characteristics of Egyptian buffalo using DNA microsatellite markers
Sonea Cristinel	Conservation of Romanian brown breed in order to preserve biodiversity
Vasile Bacila	Genetic markers in two pig populations

13:00 – 14:00 - Lunch - **Ground floor amphitheater**

14:00 – 15:00 - Meeting of organizing committee of BALNIMALCON –
Council room

14:00 – 17:00 Xth Symposium of Animal Biology and Nutrition /
Nutrition, Ecology & Welfare (Section I) – **A.P.A amphitheater**

ORAL PRESENTATIONS

Yusuf Konca	Effects of corn distillers dried grain with solubles (DDGS) on carcass, meat quality and intestinal organ traits in japanese quails
Ljubojević Dragana	The impact of diet on meat quality of common carp;
Nihat Denek	The effect of fresh and frozen pre-fermented juice on the fermentation quality of first-cut lucerne silage
Hassan Fazaeli	Amaranthus hypochondriacus as a new forage source;
Surdu I.	Nutritional software to formulate and evaluate feed rations to sheep and lambs
Mohsen, M.K.	Nutritional evaluation of berseem 2- Effect of nitrogen fertilizer on berseem fed as silage to goats;
Mohsen, M.K.	Nutritional evaluation of berseem 3- Effect of nitrogen fertilizer on berseem fed as hay to goats
Ćirković Miroslav	Fatty acid composition of herbivorous fish species;
Mehmet Tahan	The effect of utilisation Black Cumin (<i>Nigella sativa</i>) and Parsley (<i>Petroselinum crispum</i>) in laying quail diets on egg yield, egg quality and hatching results.

POSTER PRESENTATIONS

Alp Önder Yildiz	Effect of Different Levels of Boron Supplementation to Diet on Performance and Boron Mineralization in Some Tissues of Broilers;
Can A.	Determining the associative effects using mixture of low quality and high quality roughages via gas production technique;
Daniela MARIN	Effect of two strains of yeast probiotics and of a prebiotic on the cell metabolic activity of different cell types treated with zearalenone
Ismail Bayram	The role of fungi on Lignocellulosic wastes to increase their nutritional value, protein content and digestibility for 7nima use as animal feed;
Kononenko S. I.	Broad spectrum enzymatic agent Ronozyme WX in pig feeding
Larisa Caisin	Using enterosorbent Praimix Alfasob in feeding growing piglets;
Larisa Caisin	The effect of Praymix Bionorm K on the digestibility of nutrients by breeding pigs
Mariya Stefanova Todorova	Effect of lecithin supplementation in standard diet for weaned pigs on growth performance and blood cholesterol level;
Natasha Gjorgovska	Multi-enriched eggs with Omega 3 fatty acids, vitamin E and Selenium;
Rumjana I. Ivanova	Determination of LD50 on neonicotinoid insecticides Aktara and Konfidor in birds;
Rumjana I. Ivanova	Study on the effect of dry extract of tribulus terrestris on the liver's histostructure of guinea fowl (numida meleagris) and 7nimal7e quails (coturnix coturnix japonica);
Talevski Goce	Monitoring the hygiene with the method of bioluminescence of the production of dutch cheese type

Vildan Dogan

In vivo survival rate of transferred goat embryos cryopreserved by open pulled-vitrification technique;

Yusuf Cufadar

Effect of Different Sources of Boron Supplementation to Diet on Egg Shell Quality and Bone Characteristics in Laying Hens;

18:00 - Dinner – **Calypso restaurant** (USAMV campus)

FRIDAY, 21 October 2011

- ▶ visit to INDAGRA 2011 exhibition
(for the delegates attending sections I and II)

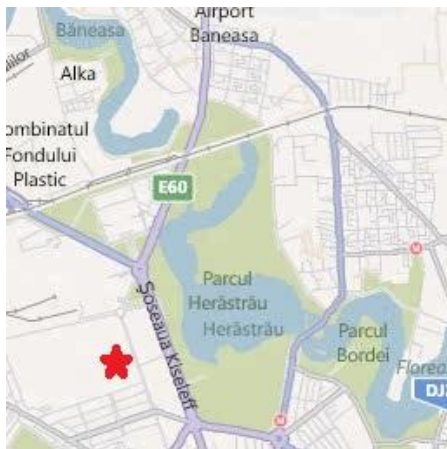

PRACTICAL ISSUES

VENUE:

University of Agricultural Sciences and Veterinary Medicine, Calea Marasti 59, Bucharest
Faculty of Animal Science - main building, ground floor

TRANSPORT

- from Otopeni (Henri Coandă) airport:
783 express line to Casa Presei square + 41 tramway line
- from Baneasa airport: 783 express line + 41 tramway line,
131, 301, 335 bus lines
- from North train station: 205 or 105 toward Casa Presei square

for more info search Marasti Blvd. on:
<http://www.bucharest-map.com/index.php>

or have a look on:
<http://www.strazibucuresti.ro/bucharest-map.html>
(includes public transport and 3D view maps)

List of recommended hotels

*(Note: participants have to book themselves their rooms;
info about prices and other conditions are indicative)*

Hotel	Area	Contact details	Info	Orientative Rates*
Ramada Bucharest Parc Hotel ****	Near Herastrau park, very close of Presei Square	Hotel address: Bucharest, Blvd. Poligrafiei, 3-5, Romania Phone: +40215492000 +40213152000 Fax: +40215492330 Website: www.ramadabucharestparc.ro Email: reservations@parchotel.ro	breakfast included, minibar, room service internet (ground floor), and air conditioning	83 € Superior single room 95 € Bussines class single room 93 € Superior double room 105 € Bussines class double room
Class Hotel ****	Near Herastrau park, very close of Baneasa airoport	Hotel address: Garlei 30 A, Bucharest, Romania Reception Phone: +40372135700 Fax: +40372135703 Reservation: Phone: +40372135700 Website: http://www.class-hotel.ro Email: office@class-hotel.ro	breakfast included, piscine, fitness, room service, wireless internet and air conditioning	73 € single room 79 € double room 85 € triple room 130 € apartment
Euro Hotels International POLIZU ***	near North train station and Victoriei Square	Address: Gheorghe Polizu 4, sector 1, Bucharest, postal code 011062 Reservation Phone: +40 21 3179970 +40 21 3179971...75 Fax: +40 21 3168360 Website http://www.euro-hotels.ro/engleza/index.htm (choose POLIZU section) E-mail: reservations@euro-hotels.ro	breakfast included, minibar, international phone, Internet, cable TV and air conditioning	60 € - single room 70 € - double room 80 € - studio, single 90 € - studio double 100 € - apartment, single 110 € - apartment, double
Euro Hotels International TRIUMF ***	near Casin church / Herastrau park	Address: Blvd. Maresal Averescu 32-34, sector 1, Bucharest, postal code 011455 Reservation phone: +40212244363 Phone: +40 21 224 5496 +40 21 224 5497 Fax: +40 21 224 5554 Website http://www.euro-hotels.ro/engleza/index.htm (choose TRIUMF section) E-mail: reservations@euro-hotels.ro	breakfast included, minibar, international phone, Internet, cable TV and air conditioning	60 € - single room 70 € - double room 80 € - studio single 90 € - studio double
